

PRODUCT DATA SHEET

Sika AnchorFix[®] Resin Stoppers

AnchorFix tool to eliminate air voids in resin

DESCRIPTION

Sika AnchorFix[®] Resin Stoppers is a tool for filling deep and / or large diameter drilled holes by eliminating air voids. It is used with a Sika Anchorfix[®] flexible tube which is fixed onto the static mixer.

USES

- Eliminating air voids in deep and / or large diameter drilled holes

CHARACTERISTICS / ADVANTAGES

- Easy to use
- Re-usable (not a one use item)
- Diameter options for all drill hole sizes
- Full set available
- Prevents air voids in drill holes

APPROVALS / CERTIFICATES

- Resin stoppers are referenced in the corresponding approvals of each Sika AnchorFix[®] product

PRODUCT INFORMATION

Packaging	Resin Stoppers Bag of 1 piece / diameter Bag of 10 pieces / diameter Bag of 6 pieces with one piece per diameter: 18–50 mm (set)																																				
Appearance and colour	black																																				
Shelf life	5 years from the date of production																																				
Storage conditions	The product must be stored in original, unopened and undamaged sealed packaging in dry conditions at temperatures between +5 °C and +35 °C. Always refer to packaging.

IMPORTANT CONSIDERATIONS

- Only use original Sika AnchorFix® Resin Stoppers

ECOLOGY, HEALTH AND SAFETY

REGULATION (EC) NO 1907/2006 - REACH

This product is an article as defined in article 3 of regulation (EC) No 1907/2006 (REACH). It contains no substances which are intended to be released from the article under normal or reasonably foreseeable conditions of use. A safety data sheet following article 31 of the same regulation is not needed to bring the product to the market, to transport or to use it. For

safe use follow the instructions given in the product data sheet. Based on our current knowledge, this product does not contain SVHC (substances of very high concern) as listed in Annex XIV of the REACH regulation or on the candidate list published by the European Chemicals Agency in concentrations above 0,1 % (w/w).

APPLICATION INSTRUCTIONS

APPLICATION METHOD / TOOLS

General

All resin stoppers must be used in conjunction with a 14 mm (9/16") outer diameter (O/D) Sika Anchorfix® flexible tube.

The tube must be applied on the original static mixer of an AnchorFix® product.

Installation procedure

Insert resin stopper to bottom of the hole. Pump resin material and allow the hole to fill.

Always insert the Sika Anchorfix® flexible tube so that it is flush with the outlet of the resin stopper. After use, wipe resin stopper clean with a damp cloth and reuse.

LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the declared data for this product may vary from country to country. Please consult the local Product Data Sheet for the exact product data.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
