

PRODUCT DATA SHEET

SikaProof® Bentonite Powder

Natural sodium bentonite powder

DESCRIPTION

SikaProof® Bentonite Powder is a natural sodium bentonite powder used as an ancillary product for the installation of the SikaProof Bentonite below ground waterproofing system.

USES

SikaProof® Bentonite Powder is used for making a de-tailing compound and for filling large voids.

CHARACTERISTICS / ADVANTAGES

- Part of the BRANZ Appraised SikaProof Bentonite system (Appraisal No. 612 [2008])
- Easily mixed and applied

PRODUCT INFORMATION

Packaging

The SikaProof® Bentonite System is made up of the following items, each sold separately:

System Component	Packaging
SikaProof® Bentonite Sheet	1.1 m wide x 10m roll
SikaProof® Bentonite Sheet	2.2 m wide x 10m roll
SikaProof® Bentonite Paste	20 litre pails
SikaProof® Bentonite Powder	25 kg bags

Shelf life

Three (3) years from date of manufacture if stored correctly.

Storage conditions

Store in a cool, dry, well-ventilated area, out of direct sunlight. Store away from incompatible materials. Ensure that storage conditions comply with applicable local and national regulations. Protect from freezing.

Appearance and colour

Light pink/pff white powder

BASIS OF PRODUCT DATA

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

- SikaProof® Bentonite Method Statement
- SikaProof® Bentonite Manual
- SikaProof® Bentonite BRANZ Appraisal No. 612 [2008]

FURTHER INFORMATION

For further information please refer to:

- SikaProof® Bentonite system data sheet

ECOLOGY, HEALTH AND SAFETY

For information and advice on the safe handling, storage and disposal of chemical products, users shall refer to the most recent Safety Data Sheet (SDS) containing physical, ecological, toxicological and other

safety-related data.

APPLICATION INSTRUCTIONS

Refer to the SikaProof® Bentonite system data sheet and Method Statement for full installation instructions. Note! SikaProof® Bentonite Powder can only be installed by Sika NZ Approved Contractors.

LOCAL RESTRICTIONS

Please note that as a result of specific local regulations the declared data for this product may vary from country to country. Please consult the local Product Data Sheet for the exact product data.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
