

SIKA ON SITE SOLUTIONS FOR CONCRETES AND CONCRETE CONSTRUCTION

BUILDING TRUST

CONCRETE PLACEMENT AND FINISHING

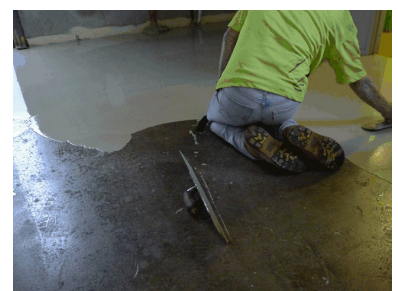

Sika is a specialty chemical company with a leading position in the developing and production of products for the construction industry. Working closely with many readymix concrete suppliers, Sika is able to provide a range of admixtures that greatly enhance your concrete's characteristics. Whether it be accelerators in Winter, retarders in Summer or superplasticisers to improve workability, flowability and strength of concrete, Sika has the solution.

Sika also have a wide range of supporting products to assist you in the placement, finishing, repair refurbishment and protection of your concrete structure.

FIBRE REINFORCEMENT	
Synthetic Micro Fibres for General Concrete, Precast, Shotcrete & Mining	Sika® Fibres
Synthetic Macro Fibres for General Concrete, Precast, Shotcrete & Mining	Sika® Fibres
Steel Fibres for General Concrete, Precast, Shotcrete & Mining	Sika® Fibres
Synthetic Micro/Macro Fibre combination for general concrete, footpaths, drive-ways, and shotcrete.	Sika® Fibres
WATERPROOFING ADMIXTURES	
Water resisting concrete admixture for watertight concrete	Sika WT100
Water resisting concrete admixture, with crystalline technology, for watertight concrete	Sika WT200
EVAPORATION RETARDER	
Aliphatic alcohol for reduction of premature water loss during the initial stages of concrete placement	Sika Film®
SURFACE RETARDERS	
Surface retardant liquid for exposed aggregate finish on horizontal surfaces - Standard Strength	Sika Rugasol® C
Surface retardant liquid for exposed aggregate finish on horizontal surfaces - Extra Strength	Sika Rugasol® 90
Surface retardant gel for exposed aggregate finish on vertical surfaces	Sika Rugasol® MH
CURING COMPOUNDS	
Economical, water based curing compound - General purpose	SikaCure® Crete
Water based acrylic concrete curing compound - AS3799 Compliant	Sika Antisol® AC
Water based hydrocarbon resin concrete curing compound - AS3799 Compliant	Sika Antisol® WH
INTEGRAL CONCRETE WATERPROOFING	
Polyolefin sheet membrane for basement and below ground structures	SikaProof® A
Cast-in-place PVC waterbar for use in construction and expansion joints - Rearguard	Sika Waterbar®
Cast-in-place PVC waterbar for use in construction and expansion joints - Centrestop	Sika Waterbar®
Hydrophillic water swellable waterstop - Extruded Profiles	SikaSwell® Profiles
Hydrophillic water swellable waterstop - Gun Grade	SikaSwell® S-2

INDUSTRIAL FLOOR PREPARATIONS	
Dry shake surface hardener used to increase abrasion resistance and durability of Industrial floors -Metallic	Sikafloor® Syntop
Dry shake surface hardener used to increase abrasion resistance and durability of Industrial floors -Synthetic	Sikafloor® Syntop
Liquid surface hardener used for curing, hardening, sealing and dustproofing concrete.	Sikafloor® Curehard 24
BONDING & ANCHORING	
Multipurpose priming, bonding, sealing agent for concrete, mortars, plaster & applied finishes.	SikaBond® Crete
Two part epoxy bonding agent for critical applications	Sikadur®-32
Fast set polyester anchoring adhesive for threaded rod and reinforcing bar	Sika Anchorfix® 1
High performance epoxy anchoring adhesive for structural applications	Sika Anchorfix® 3+
Two part epoxy paste for anchoring and general concrete repairs	Sikadur®-33
CONCRETE REPAIR MORTARS	
Single component cement based primer for Monotop systems	Sika Monotop® 910 N
Light weight, high build (4-75mm) R3 structural repair mortar, 45MPa	Sika Monotop® 352NFG
Medium weight, high build (6-45mm) R4 structural repair mortar, 80MPa	Sika Monotop® 612N
Fairing mortar for off form concrete and precast panel repairs (0-3mm)	Sika Monotop® FC
CRACK INJECTION	
Low viscosity epoxy injection system for repairing cracked concrete	Sikadur® -52
Super Low Viscosity (SLV) crack repair injection resin	Sikadur® -55
JOINT SEALANTS	
Polyurethane joint sealant for Pre-Cast panel construction, ±25%	Sikaflex® Construction
High performance polyurethane joint sealant, ±30%	Sikaflex® Pro
Trafficable and chemical resistant polurethane joint sealant, ±25%	Sikaflex® Tank
Silicone joint sealant for roads, runways, pavements & bridges, +100 / -50%	Sikasil® 728NS
GROUTING	
General purpose construction grout for pre-cast panel construction, 50MPa	Sika® Grout GP
High flow grout for pouring & pumping in critical applications, 75MPa	Sika® Grout 212HP
Heavy duty epoxy grouts for machinery and reciprocating loads.	Sikadur® 42 HF, HP
FLOOR LEVELLING & REPAIR	
Internal and external concentrate priming liquid Dilute with water 1:2 - 1:3	Sikafloor® 01 Primer
Internal High flow self levelling compound 1 - 30mm	Sikafloor® Level Top
Internal and external industrial self levelling overlay	Sikafloor® Level 30
Pourable concrete repair mortar 40-300mm	Sika® MonoTop® 436N
Rapid set repair mortar for horizontal applications	SikaQuick® 2500

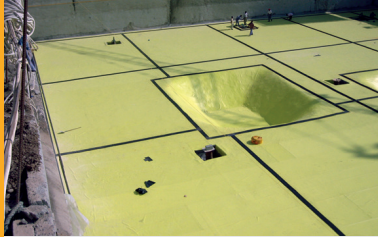

SIKA'S FULL RANGE OF CONSTRUCTION SOLUTIONS

Roofing

Sarnafil®
Sikaplan®
SikaRoof® MTC®
Sarnacol® Adhesives

Waterproofing

Sikaplan®, Sikalastic®
Sika® & Tricosal® Waterstops
Sika® Injection Systems

Sealing & Bonding

Sikaflex®
Sikasil®
SikaSeal®
SikaBond®
Sika MaxTack®

Flooring

Sikafloor®
SikaBond®

Concrete

Sika® ViscoCrete®
Sika® Retarder®
Sikafiber®

Refurbishment

Sika® CarboDur®
Sikagard®
Sikadur®
SikaGrout®
Sika® MonoTop®

Our most current general sales conditions shall apply.
Please refer to the relevant data sheet prior to any use or processing of Sika products.
