

## PRODUCT DATA SHEET

# SikaRoof® VersiScape Infill Block

---

**DIAMOND INFILL BLOCK FOR SAFETY PANEL SYSTEM FOR RAISED LANDSCAPE FINISHES**

---

**DESCRIPTION**

SikaRoof® VersiScape Infill Block is a diamond shaped block that fills the gaps at the corners of a safety panel system to create a flat and raised platform. This platform allows various landscape finishes from pavers of varying sizes, to artificial turf. The infill blocks are manufactured from recycled polypropylene (PP), and may be broken into halves and quarters for filling in the gaps along the sides and corners of the safety panel platform installation.

**USES**

Infill block for safety panel for raised flooring in podiums, balconies and roof terraces. The safety panel may be used to raise pavers of varying sizes, or artificial grass.

**FEATURES**

- Flexibility in finishes design
- Recyclable components
- Resistant to biological attack by moulds and algae
- Chemically resistant to acids, alkalis, oil and soil chemicals
- Operates within a wide service temperature

**PRODUCT INFORMATION**

---

### BASIS OF PRODUCT DATA

All technical data stated in this Product Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

### IMPORTANT CONSIDERATIONS

- SikaRoof® VersiJack® Spacer Tab is not resistant to permanent weathering and UV exposure. For more information, please contact Sika Sales Personnel.

### ECOLOGY, HEALTH AND SAFETY

This product is an article as defined in article 3 of regulation (EC) No 1907/2006 (REACH). It contains no substances which are intended to be released from the article under normal or reasonably foreseeable conditions of use. A safety data sheet following article 31 of the same regulation is not needed to bring the product to the market, to transport or to use it. For safe use follow the instructions given in the product data sheet. Based on our current knowledge, this product does not contain SVHC (substances of very high concern) as listed in Annex XIV of the REACH regulation or on the candidate list published by the European Chemicals Agency in concentrations above 0,1 % (w/w).

## LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
