

PRODUCT DATA SHEET

SikaRoof® VersiJack® Brace

BRACING ARMS FOR HEIGHT-ADJUSTABLE PEDESTAL SYSTEM

DESCRIPTION

SikaRoof® VersiJack® Brace is a bracing arm to connect two pedestals to increase the stability of a raised flooring installation. Bracing arms are manufactured from recycled polypropylene (PP), and is connected to collars around pedestals to prevent individual pedestals from shifting or moving especially during maintenance to ensure accurate reinstallation of pavers. SikaRoof® VersiJack® Brace is used in conjunction with SikaRoof® VersiJack® and SikaRoof® VersiJack® Collar to form an adjustable bracing system for centre to centre pedestal distances of 470 - 700 mm.

USES

Bracing arms are used with adjustable pedestals for raised paver flooring on podiums, balconies, roof terraces and areas with hardscape finishes.

FEATURES

- Increased stability
- Recyclable components
- Resistant to biological attack by moulds and algae
- Chemically resistant to acids, alkalis, oils and soil chemicals
- Operates within a wide service temperature range

CERTIFICATES AND TEST REPORTS

Singapore Green Building Product (Leader) Cert. No. SGBP 3254

PRODUCT INFORMATION

Packaging	▪ SikaRoof® VersiJack® Bracing Arm Refer to pricelist
Appearance and colour	Black adjustable tube

ECOLOGY, HEALTH AND SAFETY

This product is an article as defined in article 3 of regulation (EC) No 1907/2006 (REACH). It contains no substances which are intended to be released from the article under normal or reasonably foreseeable conditions of use. A safety data sheet following article 31 of the same regulation is not needed to bring the product to the market, to transport or to use it. For safe use follow the instructions given in the product data sheet. Based on our current knowledge, this product does not contain SVHC (substances of very high concern) as listed in Annex XIV of the REACH regulation or on the candidate list published by the European Chemicals Agency in concentrations above

0,1 % (w/w).

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
